

Electric Vehicle Incentives Around the World

Norway - Battery electric and plug-in hybrid vehicles together hold a market share of over 60%

60%

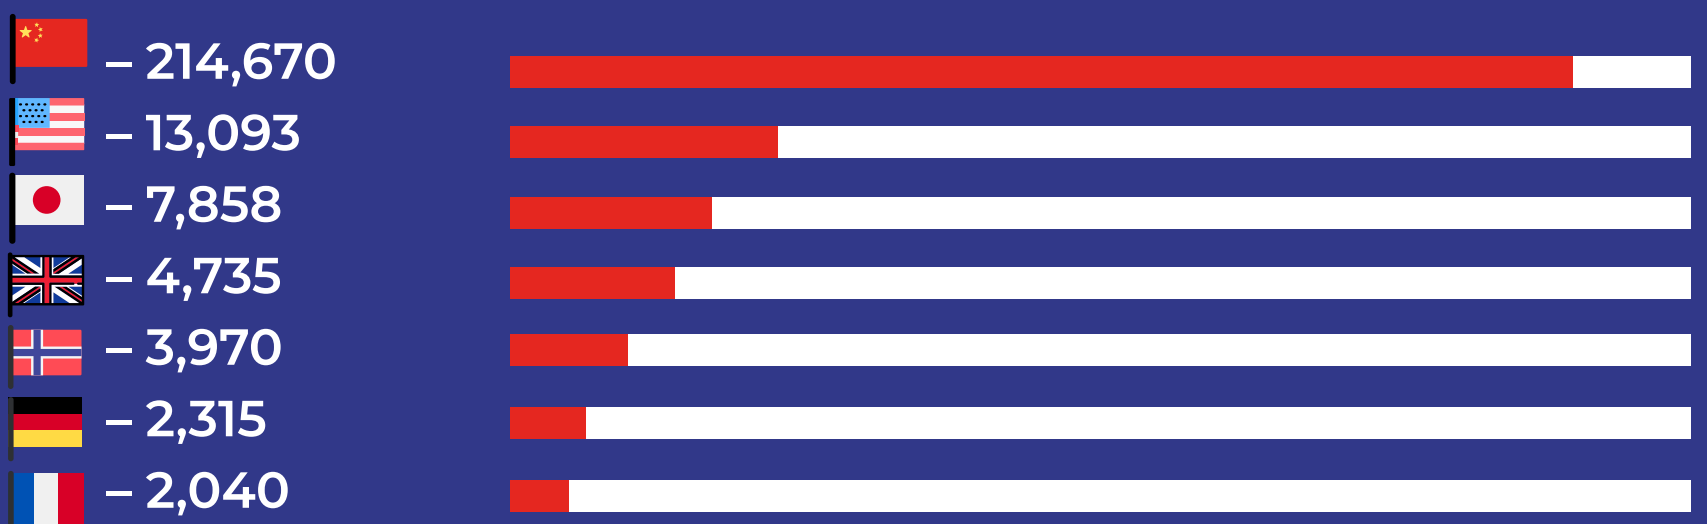

The Norwegian success story is first and foremost due to a substantial package of consumer incentives developed to promote zero-emission vehicle adoption in the market.

Norwegian electric vehicle incentives VS. Canadian electric vehicle incentives

Electric Vehicle Incentives	Norway	Canada
Purchase incentives	✓	✓
Tax write-off for businesses	✓	✓
Sales tax exemption	✓	✗
Free municipal parking	✓	✗
Access to bus lanes	✓	✗
Road toll reductions	✓	✗
Ferry toll reductions	✓	✗

Countries with the most publicly accessible electric vehicle fast chargers (2019)

Meanwhile in Canada...

Canada has only 954 publicly accessible fast chargers available to electric vehicle drivers.
